

CLEAR FORK VALLEY LOCAL SCHOOLS BOARD OF EDUCATION

**Regular Meeting
High School Media Center
August 24, 2021
6:30 p.m.**

District Mission Statement: *Striving to Exceed Expectations*

The Special Meeting of the Clear Fork Valley Local School board was called to order at 6:30 PM by Board President, Mr. Gary McCue.

Roll call was taken and the following members were present: Mr. Ryan Knuckles, Mrs. Lori McKee, Mr. Gary McCue. Mr. Carl Gonzalez and Mrs. Amy Weekley were absent.

PRESENTATIONS

Food Service Director Mrs. Jennifer Stallard presented the Nutrition Standards Annual Report to the Board. She explained the USDA guidelines and how she makes sure the school lunches meet those requirements.

Clear Fork Vocational Agriculture teachers Adam Staley and Samantha Kline presented the online payment processing platform they created called ChapterPay to the Board. They explained the need, the problems this solves, when it can be used and the district's commitment. They also demonstrated the tool and showed the Board how it works.

COMMUNICATIONS FROM THE PUBLIC

Mr. Vic Swisher of 118 Hamilton Drive Bellville asked the Board on an update on two issues. His first question was in regards to the capacity issue in Bellville. He stated in Bellville Elementary, one of the classrooms is the technology room which is half the size of a normal classroom. He asked if that class only had half of the students in the class. Ms. Wyckoff answered that was a principal's question. Mr. Swisher followed up with questioning if the district has made any long term traction to address the issue. Ms. Wyckoff explained the analysis of taking the enrollment numbers by building and by class and dividing them by the number of teachers. She explained the analyzation of how many educational classrooms there are, which is 21 in Bellville. She further explained that the building was built per OFCC standards of 25 students per classroom. She stated that 21 rooms times 25 students per room is a building capacity of 525 students, capped at 25 per class. She explained that the number of teachers was also analyzed, and there is 23 in Bellville, and in analyzing the class size, only one grade level has 20 per class, the

rest of the class sizes are at 16-19. She stated that there are 413 kids enrolled today. She stated that she looked back at the 18-19 school year and there was approximately 435 students when we moved into the building and 22 teachers. She stated that all of this information was shared with the Board and that is where we are at right now. Mr. Swisher then stated "so, basically what you are saying is we don't have an issue that needs addressed?" Ms. Wyckoff replied that at this point every teacher has a classroom so we have just started having those discussions. She stated again, the building has a capacity of 525, we have 413 and there are 39 open enrolled students and the only way a new open enrolled student would come into Bellville is if they had a sibling that was previously enrolled. She stated that was done to keep families together but everyone else was pushed to Butler. She stated that as of today, Butler, including preschool is at 288 students. Mr. Swisher asked that if moving forward, any new open enrolled students would be heading to Butler continuously. Ms. Wyckoff stated that was correct and Butler has 19 educational rooms. Mr. Swisher then asked that if "worse comes to worse, we are going to go up to the 25 per classroom before we do anything different?" Ms. Wyckoff stated that she didn't know if that but that is where we are at today. She also stated that the question about the technology classroom should be directed to the principal.

He then went on to his second issue which was regarding COVID. He stated at the last Board meeting it was stated it was going to be "normal, normal". He asked about a new updated quarantine policy that he saw and if it is a mandated situation. Ms. Wyckoff stated that the district can quarantine kids based on our policies, the documents that are within that plan come directly from the health department and ODH. She stated the district was going to follow that because we are required to. She stated that what the order said was that they quarantine we don't for COVID unless your showing symptoms and then you would fall under our policy. She stated that from what she is hearing from the Richland County Health Department is there are three levels of quarantine and isolation. She stated that there is a straight 14 days if someone has COVID, 10 days if you pass a test on day 7 or 8 and there is a 7 day return on day 8 as long as you have a negative COVID test on day 5. She stated that all of that is out of the Board's control. She stated that the district's goal is to keep kids in school. She also stated that the school is still required to turn over the names to the Health Department of anyone we know has COVID. Mr. Swisher then asked about a scenario: "if a young elementary class with students younger than 12 where they don't have a choice to be vaccinated, will the health department say that everyone in the class has to be quarantined?" Mr. McCue stated that there are big districts down south that have 12-15,000 kids that are at home quarantined. Mr. Swisher stated "parents are going to be left to wonder what is going to happen and at least one local school district voted they were not going to do that this year". Ms. Wyckoff stated that the district he was referring to stated they weren't going to do contact tracing, what they are doing is turning it over to the Health department. Mr. Swisher debated Ms. Wyckoff and Mr. McCue referring to a story on Richland Source. Mr. Knuckles stated that they have to still follow guidelines on quarantining, explaining "the district is superseded by state laws". Mr. Swisher stated that "recommendations, guidelines and best practices are different than laws and mandates". Mr. Knuckles and Ms. Wyckoff agreed with that statement.

Mr. Knuckles told Mr. Swisher if it is mandated by your local Health Department you have to follow it. Ms. Wyckoff stated that when the article Mr. Swisher was referring to was released “it created a stir in Richland County to the point that Senator Romanchuk had to get involved.” She stated that between the time that article came out and now there have been a lot of new requirements. She stated the goal is to keep the students three feet apart. Mr. Knuckles stated that contract tracing was a nightmare for districts last year.

Butler PTO president Mrs. Kalie Orndorff of 1672 State Route 97 Butler, representing herself, Bellville PTO president Jennifer Dudley of 1143 Rinehart Road, PTO Volunteer Coordinator Koti Epperson of 443 Park Place Bellville, and PTO Committee Head Tara Oswalt of 3468 Butler Newville Road read the following statement aloud to the Board:

Members of the Board, we come to you today with concerns about bringing normalcy and engagement back into our elementary schools. As experienced families in the district, we believe that we have been able to provide parent-involved education in the past. This gave us the opportunity to develop strong relationships with other families and staff alike. Fun events like the Open House Picnic, Kindergarten Boo Hoo Breakfast, Book Fair, Assemblies, Fundraisers encourage interaction with the youngest of our district. Elementary events provide opportunities for young families with children unable to participate in youth sports (due to age restrictions) to make connections with other families, teachers, staff, and community members that are not otherwise available.

We have been told that parent volunteers are not permitted in the elementary buildings at this time and that decision would be re-evaluated each month. This makes planning events for the upcoming school year difficult if not impossible. We cannot move forward with planning our Father-Daughter Dance and book fairs.

It’s confusing that all parents and families are encouraged to attend elementary open houses that will have hundreds of people in the building, but we cannot have a limited number of parent volunteers to make these events happen for our students. We’re not asking for 100’s of parents to be allowed in each week. We’re asking if you will allow 5-6 parent volunteers to come host events. Events that benefit both our young students AND our staff.

Ms. Wyckoff answered by stating that at the principals meeting it was addressed that for specific individual events people could come in and go to their spaces. She stated that general everyday volunteers is not going to be allowed but individual events are up to the discretion of the building principals. Ms. Wyckoff stated that the Father Daughter dance could be hosted at the High School but keep in mind at that point in time is there is no way of knowing where the COVID situation will be.

Mrs. Jennifer Dudley of 1143 Rinehart Road then asked if “barring specific state mandates, the PTO can go forward with our things?” Ms. Wyckoff stated again it is up to the building principals and that policies would be re-evaluated every two

weeks, not once a month. There was more discussion between Mrs. Dudley and Ms. Wyckoff on what type of event will be permissible and what they would be able to do as a PTO.

Mrs. Dudley read the following statement to the Board:

There are things within our buildings that are not completed. Things that our community had expectations of being completed by now. ie: bleachers inside the gymnasiums and landscaping projects. I would like to request that we form a committee with members from both our School Board as well as our PTO groups to ensure the completion of these projects. This would also include memorial trees, benches and plaques that were supposed to be replaced after construction was completed.

Mr. McCue stated that this is an administration thing and Mr. Ryan Knuckles would represent the Board on that committee. Mrs. Dudley asked if she could be provided with the landscaping blueprints. Ms. Wyckoff suggested that we have a meeting first to discuss a few things before plans are formulated and have the plan formulated by the committee. Treasurer Bradd Stevens was asked to set up that meeting. Mr. Ryan Knuckles stated "we need to remember that when you start a project there is a grand scheme that you want and we can't hang our hats on one thing that is our personal goal to have. In a school there a lots of things that thirty grand can buy." Mr. McCue stated that it was managing expectations. Ms. Dudley stated, "Obviously bleachers were a hard core thing for her but she get that."

Alison Burkhart of 91 Hamilton Drive Bellville addressed the Board with a question about the quarantine plan. She stated her son was remote all year last year so she wasn't sure what happens when we do go on quarantine. Ms. Wyckoff stated that all the teachers will still keep their remote activity up and available. She stated, "Hypothetically, if a whole class was quarantined then the whole class would use remote at that point. Individually kids the district will let the teachers work out, like a normal treatment of a sickness." She stated that the teachers have been directed to have the students log on several times a week so they don't lose practice and after the five calamity days are used the students will utilize remote learning rather than make those days up at the end of the school year.

Mrs. Burkhart then ask a question regarding the size issue at Bellville. She stated that the class list she looked at, all had twenty and above and that second grade had three teachers and all the other grades had four. She stated that it looks like Bellville is heading in the direction of maxing out its capacity.

Koti Epperson of 443 Park Place Bellville addressed the Board about Professional Development on Trauma Informed care. She stated "she was disappointed there had not been any professional development encouraged or provided to the staff as far as Trauma Informed Care was concerned before the start of the school year." She further went on to state "while it is a wonderful thing that we've hired social workers for each building, she thinks it is terribly unfair to the students, teachers and it's terribly unfair to that one social worker with the overwhelm they will experience

because there will be so many children in need of something from them.” She reflected on the low state testing scores of the district and then further stated “with her experience with school districts in the Columbus area, she can assure us that if we are not prepared to deal with some of these mental health issues that some of these kids are going to be experiencing those numbers aren’t going to come up.” She commended the staff and teachers but stated she felt we were doing them a disservice by not preparing them. She asked about the plan moving forward, specifically providing teachers with professional development and what role of the social workers will play. Ms. Wyckoff replied that the district actually had Trauma Induced Professional Development scheduled but the person caught COVID and had to cancel. Ms. Wyckoff stated “current the elementary teachers are involved with Wilson Training for students that are dyslexic, which is 20% of the population.” She stated that the district did have the University of Miami, which was endorsed by the Ohio Department of Education for Trauma Induced, coming to the district on the 17th of September. She stated that the district tried to schedule them for this week but was unable. She stated that The University is sending the teachers an hour and half long module they will need to complete to participate in the September 17th meeting. Ms. Wyckoff stated “social workers are better prepared to deal with Trauma Induced issues, better prepared to do group counseling, one-on-one counseling, deal with emergency situations, and also long term counseling because that is what they do for a living.” She stated “since we have never had social workers before we are introducing them to the staff, they are going into the classrooms but we are playing it by ear because we have never had them before.” She stated we would try to integrate them this year, develop a job description this year and they will be working with kids. She stated that the social worker at the High school will supervise the other three but she is still doing the social work. Mrs. Epperson asked “what the participation with the kids look like, and if the district would be seeking parental permission for individual counseling.” Ms. Wyckoff’s responded “yes, unless it is a total emergency then we will call you when we get the chance after we deescalate the situation but nobody will get counselled without parent permission.

Mrs. Epperson then expressed concern on “what she would deem as misrepresentation about why decisions are being made as far as the policies go concerning COVID.” Stating that “it’s concerning to me that things such as recommendations or mandates are being presented as things that we have no choice over, when in fact we do. The CDC is not a legislative body and so therefore it does not supersede anything in the Ohio Revised Code and a quick phone call to the Ohio Attorney General will confirm that.” Ms. Wyckoff asked if she was talking about masks on busses. Mrs. Epperson confirmed that was what she was talking about and she stated “I just think that it is the Board’s prerogative and job to make decisions that are in the best interest of our student body and of our district. I think what I would appreciate as a parent, and I know other people have voiced this outside of this room, would appreciate as parents is that it’s represented as we’re making this choice because it’s what we believe is in the best interest and safety of our students and not fall back on well the CDC said so. Because quite frankly at this point and particularly because of the Governor not even having the power any more to enforce any of those things, he was stripped of that power through a vote by congress. I think we have to be careful how we frame the decisions that we’re making.” Mr. McCue stated that it codified in the United States Code. Ms. Wyckoff

discussed the laws where it is written into regulation giving the Code as “Order under section 361 of the Public Health Service Act 42 U.S.C. code”. Mr. McCue stated “it is United States Code, it is Federal Law” Mrs. Epperson stated “I just think that we have to careful not to frame it as we don’t have a choice when there are clearly lots of other school districts in the state of Ohio making different decisions and there have not been repercussions.” Mr. McCue replied “they can do what they want, we will follow Federal Law while I’m on the Board.”

2021-208 **Upon Motion** by Mrs. McKee and seconded by Mr. McCue, the Board approved the minutes of the August 2, 2021 Special Meeting as written.

The vote was: Mrs. McKee Yes Mr. McCue Yes
Mr. Knuckles Yes

TREASURER’S REPORT

Upon Motion by Mr. Knuckles and seconded by Mr. McCue, the Board:

2021-209 Approved the July 2021 Financial Report.

2021-210 Approved the following Activity Account Budgets for the 2021-2022 school year.

200-9110 Colt Circuit/Tech
200-9111 Art Club
200-9115 Project Support High School
200-9280 Spanish Club
200-9330 FFA
200-9331 Vocational Agriculture Farming
200-9490 High School Musical/Drama
200-9611 High School Student Delegation
200-9680 Yearbook
200-9690 Newspaper
200-9722 Class of 2022 Senior Class
200-9724 Class of 2024 Sophomore
200-9725 Class of 2025 Freshman
300-9500 Athletics

The vote was: Mrs. McKee Yes Mr. McCue Yes
Mr. Knuckles Yes

SUPERINTENDENT’S REPORT

Upon Motion by Mr. McCue and seconded by Mr. Knuckles, the Board:

2021-211 Accepted the following resignations:

Karen Balliett – Cashier/Cafeteria Worker – effective 8/20/2021
Debra Jarrell – Butler Custodian – retirement – effective 11/30/2021
Marcie Leedy – Cafeteria Worker – effective 8/4/2021

Abigail Peters – Middle School Aide – effective 8/16/2021

- 2021-212** Rescinded the Supplemental Contract awarded to Dylan Belcher on August 2, 2021 for Assistant Varsity Football.
- 2021-213** Employed the following classified personnel on a one year limited contract beginning with the 2021-2022 school year per the adopted salary schedule, pending completion of requirements:
- Taylor Cremeans - Cafeteria Worker
- 2021-214** Approved James Michalovich to work up to twenty (20) days in August of 2021.
- 2021-215** Employed the following certified personnel on a one (1) year supplemental contract for the 2021-2022 school year:
- | | |
|----------------|-------------------------|
| Steven Bechtel | Varsity Boys Basketball |

2021-223 Approved the following aides to provide Extended School Year Services as required by the student IEP's.

Michelle Beveridge

The vote was: Mrs. McKee Yes Mr. McCue Yes
Mr. Knuckles Yes

Upon Motion by Mrs. McKee and seconded by Mr. Knuckles, the Board:

2021-224 Approved the Local Professional Development Handbook for the 2021-2022 school year.

2021-225 Approved the transportation routes for the 2021-2022 school year with the understanding that students who move in or out of the district may cause minor changes in these routes. (A book of the routes will be present at the meeting for the Board Members to look at upon request.)

2021-226 Entered into contract with Imperial Autism Connections for services for two students for the 2021-2022 academic year.

2021-227 Approved the revised 2021-2022 school calendar.

Mrs. Lori McKee questioned the reasoning behind having parent teacher conferences on a Thursday, having students attend school Monday through Wednesday, off on Thursday, and then return on Friday. She stated that could create a conflict with finding childcare for some working parents. Ms. Wyckoff stated that was a teacher union request. Ms. Kourtney Kucirek, Clear Fork Valley Teachers Association Union co-president, stated that she didn't care and that a Friday made sense. Mrs. Kelly Shinabarker, second grade teacher at Bellville stated that it was a Thursday because the teachers would have to be there until 6PM for conferences.

Mrs. Amy Staker-Breitinger, of 146 Spayde Road Bellville spoke up stating that as a working parent she would have a difficult time meeting during the day. There was more debate on the dates and times of the Parent Teacher conferences and what days would be best and the possibility of Zoom conferences.

It was decided to approve the changes to the calendar and revise it next month if a change needs made.

2021-228 Entered into Memorandum of Understanding with the Village of Bellville on behalf of the Bellville Police Department for school resource officer from August 1, 2021 through June 30, 2022.

2021-229 Entered into Contract with maxim Healthcare effective August 10, 2021 for one year.

2021-230 Approved to change the lunch price for the 2021-2022 school year for an adult lunch to \$4.80.

2021-231 Approved the ChapterPay agreement between the Clear Fork Valley Board of Education and Adam Staley and Samantha Kline.

2021-232 Approved settlement agreement to resolve pending arbitration with Jodi Kline.

2021-233 Entered into contract with EJ Therapy for the 2021-2022 school year.

The vote was: Mrs. McKee Yes Mr. McCue Yes
Mr. Knuckles Yes

2021-234 **Upon Motion** by Mrs. McKee and seconded by Mr. Knuckles, the Board adjourned from Regular Session at 7:41 PM.

The vote was: Mrs. McKee Yes Mr. McCue Yes
Mr. Knuckles Yes

Gary McCue, Board President

Bradd Stevens, Treasurer
