

Hey Colt's!

We want to hear from you!

Richland Public Health is asking for all Richland County youth ages 12-18 to participate and complete the Community Health Assessment. This assessment will ask a series of questions about your physical and mental health as well as the activities you participate in. Simply scan the QR code or **CLICK HERE** to participate. We will use the results of the assessment to form our Community Health Improvement Plan which tells us how we can improve the health, well-being, and quality of life for everyone in Richland County!

QUESTIONS? CALL 419-461-1661
