

CLEAR FORK HIGH SCHOOL Text Alerts through Remind.com

Clear Fork Schools has been using Remind.com to communicate events, alerts, and announcements in recent years. Remind.com has placed a ceiling on the maximum number (150) of subscribers to an account. In response, Clear Fork High School has created multiple accounts per graduating class. If you wish to receive information as described above please subscribe to the appropriate account as listed below. If you wish to only receive notices of closings and delays then you may also use WMFD wmfd.com. Click on texting, then school closings and follow the directions. School information may also be found on Twitter @HSCFVLS and the district web page <https://www.cfcolts.org>. We ask that no more than 2 per household sign up for the same account.

******* IF YOU ALREADY RECEIVE REMIND NOTICES, PLEASE DO NOT SIGN UP AGAIN**
